Warranty

Every piece of Arco furniture is produced from especially high quality materials and manufactured with the greatest care. The furniture only leaves our factory after careful quality control. If, despite of this, component or manufacturing faults occur, Arco will cover the cost of replacement or repair according to the following schedule:

Years of use contribution from Arco
(in percentage of costs):

0-1	100 %
1-2	80 %
2-3	60 %
3-4	40 %
4-5	20 %

As condition we give that our maintenance advice has been used correctly. Furthermore, we are talking about normal, domestic use. Defects which are a result of injudicious use are excluded from warranty.

We also like to point out to you again the fact that wood is a natural material. For example, the final colour of the wood develops under the influence of light during use (ask you dealer for explanation and advice). For an equal colouring, it is advisable to also place the extra leaves in the same light during the first months. Very important for the condition of the wood is to maintain the humidity of the air as constant as possible (approx. 60%) in order to avoid drying out of the wood (shrinkage!).

A warranty claim to Arco has to be made within the warranty period, which starts on the day of delivery to the first owner or at the latest 30 days after delivery from Arco to the Arco dealer. Submitting a claim has to be done by presenting the invoice and the warranty certificate.
