Important Information

In this fabric and leather list you will find a large number of fabrics from various suppliers, grouped into fabric and leather categories.

COM

If the fabric you have selected together with your customer is not listed here, it is possible to upholster your furniture in a customer's own material (COM). This is always subject to request and, if necessary, after approval of a fabric sample submitted by you. (It is not possible to upholster your furniture in your own leather.)

We will process the order and confirm it based on the delivery time applicable at that moment, once the submitted fabric has been received at the following address:

Arco Meubelfabriek B.V.
Parallelweg 2-III
7102 DE Winterswijk

Please state your company name, as well as your order and commission name, on the packaging.

Are you sending fabrics for multiple commissions? Please do not supply these together in one package, as we will then be unable to inform the upholsterer which fabric belongs to which commission.

The price list for the relevant seating furniture specifies how much fabric is required per chair/sofa (point 5: Additional information). The calculation of the required fabric quantity is based on a plain (solid-colour) fabric with a width of 130 cm.

For a number of chair models, it is possible to upholster the furniture in a combination of different fabrics, or fabric/leather. For this, we charge a surcharge per seat, based on the price of the highest fabric category.

Finally, we would like to point out that the pattern of a fabric may influence the upholstery. Not every fabric can be processed equally well or attractively. Rounded shapes are better upholstered with materials that have more stretch. Therefore, please take the model of the chair/sofa into account when selecting a fabric.

If you are unsure whether a fabric is suitable, please contact our internal sales department.

Retail: wonen@arco.nl
Project: project@arco.nl

They will be happy to assist you.

ByBorre

fabric name	group	remark
Collection ByBorre (Textile Room)	4	Minimum order 30 metres per design
Custom Design	5	Minimum order 30 metres per design

ByBorre produces exclusively on-demand knitted fabrics.

For fabrics from the ByBorre collection (Textile Room), qualities 3D and A03 are recommended for furniture upholstery.
Delivery time for fabric from the standard collection: approx. 10 working days.
The delivery time for a custom fabric is 4-6 weeks. This may affect the delivery time of your furniture.
